# Munitions Readiness Report (MRR)

➤ At the highest level answer the question:

- Do I have enough serviceable ammo to meet contingency requirements?
  - » If YES, the program is green
  - » If NO, the program is either red or black
    - If red or black, drill down capabilities address why
- Measures: Requirements vs Readiness (A vs E)

# Munitions Readiness Report (Drill Down)

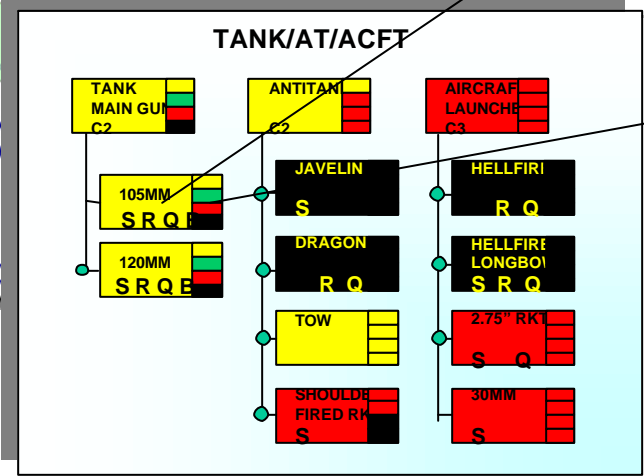

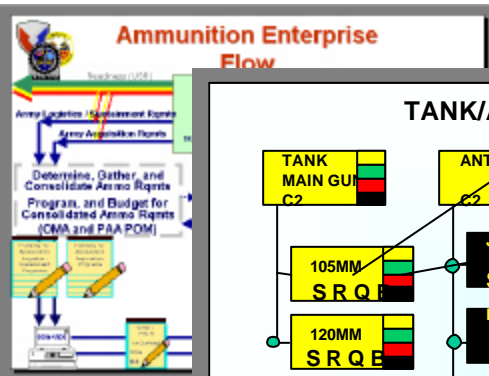

- Asset vs Requirements
- On-Hand Supply, Quality, Serviceability, and Production Base Ratings.
- Drill-Down to Acquisition Details and Industrial Base Mapping.
