DMSMS Work Shop

San Antonio, TX
December 2005

Agenda

- Look Backward to Nashville
  - Policy
  - Technology
  - Organization
- Look Forward to Charlotte
  - Policy
  - Technology
  - Organization

Policy / Guidance Issued

- – Defense Acquisition Guidebook
  - • Para 5.2.1.5 addresses DMSMS by name
- – Supportability Guide with cover letter from USD/ATL
  - • Page 14 mentions DMSMS prominently
- – USD/ATL Memo dated August 16, 2004
  - Subject: Strategic Management of Microcircuits
  - • Directs TLCSM EC to achieve 5 key objectives
- – PBL Guide---with cover letter from USD/ATL
  - • Para 4.3 forcefully addresses DMSMS
- – DMSMS Guide---April 7, 2005

Being Pro-active in managing DMSMS is a must-do for all Programs throughout its entire life-cycle in order to be able to make a credible claim of mitigating its impact.
Technology Accomplishments

- Launched COE
  - DMSMS Tool added April 30, 2004
- Created training courses for DAU's distance learning course; formal accreditation in process
  - ARINC created content
  - Karta Technologies created format suitable for use with DAU
- Shared Data Warehouse
  - AF module in use
  - DLA module in use
  - Army module in use
  - Navy module under construction

Cumulative Parts Loaded

Organization & Process Changes

- LPP now organized around 6 focus areas, one of which is Weapon System Product Support - Lead by Greg Saunders
  - Includes DSPO—mission expanded
  - includes DMSMS—more org changes envisioned
  - includes GIDEP—transfer underway
- DAES Review Process explicitly includes DMSMS
- DAES-S Review Process launch underway now
- Started to expand International Sharing via Weapon System Support Forum

LPP is headed by Lou Kratz. LPP reports to DUSD/L&MR.
L&MR reports to USD/ATL. They are all engaged in this matter.

- <u>**General strategy and operating philosophy**</u>

  To be pro-active, focus on customers, achieve interoperability through open standards, adopt common & re-useable tools that are scalable in developing
  - Supply Solutions - DSCC and DSCR leading the way
  - Engineering Solutions - DMEA leading the way
 - Procurement Solutions - Commodity Council

- <u>**Major Goals**</u>
  - Become more aggressive in changing the facts on the ground by implementing the policy/guidance previously cited
  - Collaborate more with Allies
  - Implement Agile Sustainment lesson learned beyond DSCR
  - Understand efficacy and limitations of ARCI and MFOP to avoid DMSMS entirely

Let's all Stop Admiring the Problem

Cumulative Parts Loaded

Number of Parts vs. Months in 2004-2005

Investigating time-phasing tool, PlanBuilder, data collection tool—what else?

COE morphs into DKSP

- COE
  - One-stop-shop
  - Products & Services
  - Best Cost provider
  - All Products
  - Link Allies
  - Star Wars
  - Fights and strife
  - No sustainment budget
  - Impossible

- DKSP
  - Sharing
  - Collaboration
  - Create original content to help "have-nots"
  - Point to other authoritative sites
  - Help the needy and willing
  - Part of DSPO budget
  - Possible

Ongoing Now

- **Charter update.** Update headed toward Lou Kratz for approval.

- **DMSMS Guidebook.** Update headed towards TLCSM EC for approval.

- **COE conversion to DKSP.**

- **DMSMS WG Structure.** Interoperability, Outreach, Common Use Tools

- **Assistance Visits.** Roadshow in development.

- **Integration with Parts Management.**

Road Ahead

- Defense Systems reinvigorates Risk Assessments and DMSMS is integral
- L&MR establishes Supportability Assessments and DMSMS is integral
- DAES and DAES-S reporting aimed at 5 key metrics and DMSMS is integral
- DSPO re-establishes Parts Management as mandatory and DMSMS is integral
- New era of sharing---amongst ourselves and with allies---and DMSMS is integral

KEEP THE FAITH
