Coast Guard Initiatives:

Handgun Replacement

M240B Machine
Gun

M14 Enhanced
Battle Rifle

Personal Defense Weapon Replacement Project

USCG is replacing its inventory of 9,500 M9 9mm PDWs

Handgun Replacement Project

Sep 04: USCG procured 12,000 SigArms Inc. .40 cal. Compact, P229R-DAK handguns

Sep 05: Begin issuing to field units

Type-Classifying
.40 cal. ammo:

- ◆ Ball
- ◆ HP
- ◆ Frangible

A soldier in full tactical gear, including a helmet with a night vision device and a balaclava, is positioned in the open door of a helicopter. He is aiming an M240B machine gun out of the aircraft. The background shows a panoramic view of New York City, including the Statue of Liberty, the East River, and the Manhattan skyline under a clear sky. A red emergency exit sign is visible on the helicopter's interior structure.

M240B Machine Gun Inventory Increase

M240B Machine Gun Inventory Increase

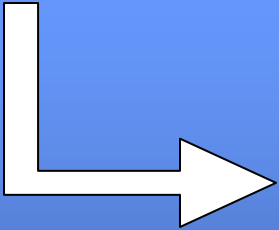

- ◆ A shortage of M240B MGs resulted with CG's increase in DHS missions

- ◆ 786 additional M240Bs were procured
- ◆ Anticipate delivery 3rd Qtr, FY06

M14 7.62mm Enhanced Battle Rifle (EBR)

M14 7.62mm Enhanced Battle Rifle (EBR)

- ◆ Procured 500 rifles for DHS Aerial Use of Force mission
- ◆ Testing M14 EBR w/mount on CG Boats for Ports/Coastal Security mission
