S&T for Chem Bio Information Systems Working Group B-I
Dispersion Modeling & Sensor Data Fusion

1:00-1:30 **Fusion of CB Data and Model Output**

1:30-2:00 **Chemical/Biological Source Characterization**

2:00-2:30 **Optimizing Sensor Placement for CB Defense**

2:30-3:00 **Sensor Location Optimization Tool Set**

3:00-3:30 **Overview of Mesoscale Meteorological Modeling for** Dispersion Applications at the Naval Research Laboratory

3:30 **Working Group I Adjourns for the Day**
