# AFMC DMSMS Study

- **Current state of DMSMS program in the process of being defined**
  - Data being gathered includes management plans, metrics captured, and solutions implemented
- **Weaknesses and areas of improvement being identified and noted**
- **Alternatives will be defined and then compared to current state**
- **Final evaluation will score current state and alternatives in each of these four major categories so that optimal strategy for future of the DMSMS program can be identified**

# AFMC Vision

*War-Winning Capabilities...*

*On Time, On Cost*

# The Bottom Line

**We deliver war-winning technology, acquisition, test, and sustainment to the warfighter**
