2007 Tactical Wheeled Vehicles Conference (TWV)

Event #7530

February 4 - 6, 2007

The Portola Plaza Hotel at Monterey Bay
& Monterey Conference Center
Monterey, California

Welcome to the 2007 Tactical Wheeled Vehicles Conference.

Objective:

This annual seminar historically has brought the military service, industry, prime contractors, subcontractors and their suppliers together to discuss present and future wheeled vehicle requirements for all services. It has afforded an atmosphere for open discussions between the customers and the suppliers based on the needs of the military users. This is the only conference held specifically for the military's Tactical Wheeled Vehicle community.

The information presented is valuable to program managers, engineers, planners and marketers. In addition, open discussions will be invaluable to DoD planners and program managers. This year's theme is:

"Sustaining the Current Force-Improving the Future Force"
