

QPMing Your SEPG

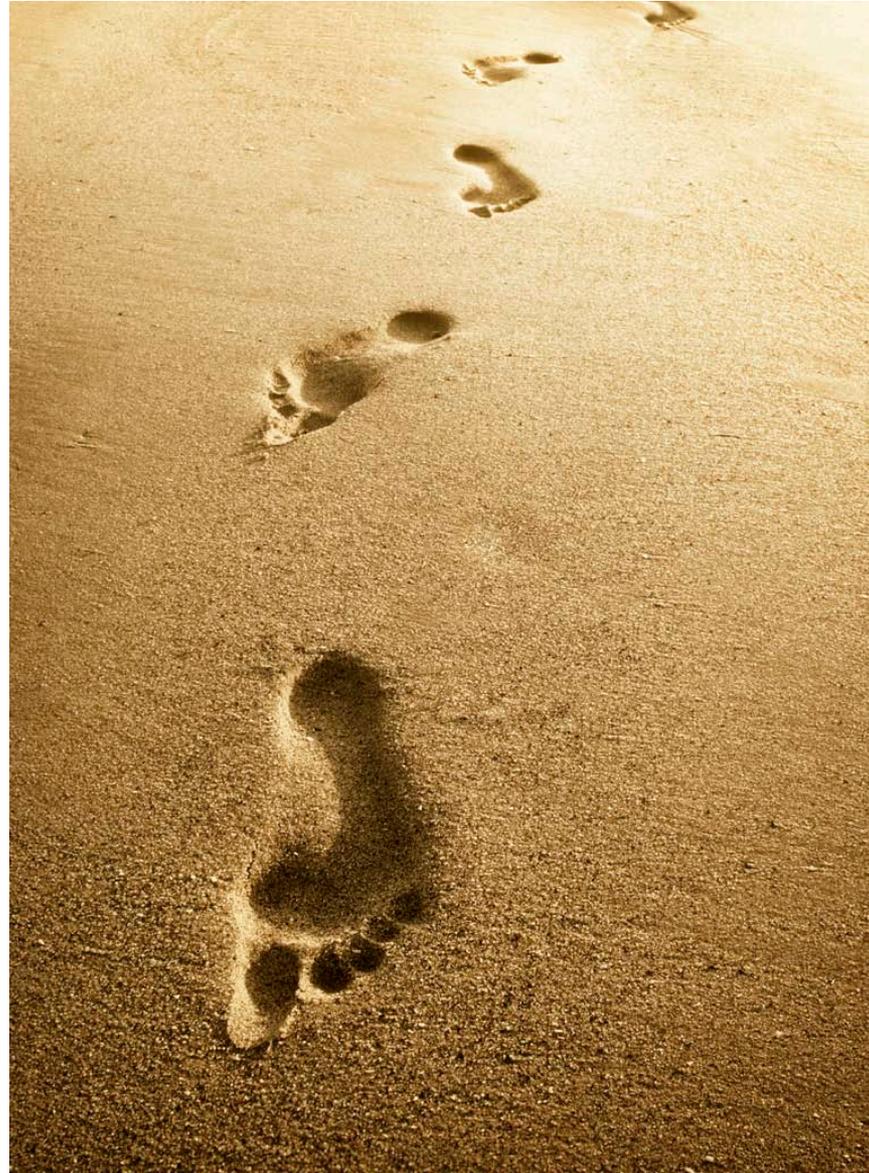

CMMI® Technology Conference
November 2009

We're Experts, but Not Perfect

Use QPM in SEPG

Improve Overall PI Effort

Can't Do Everything

Focus on Greatest Returns

SCAMPI Weakness Example

- » Improvement opportunity to assist projects in implementing changes to process

Think Quantitatively

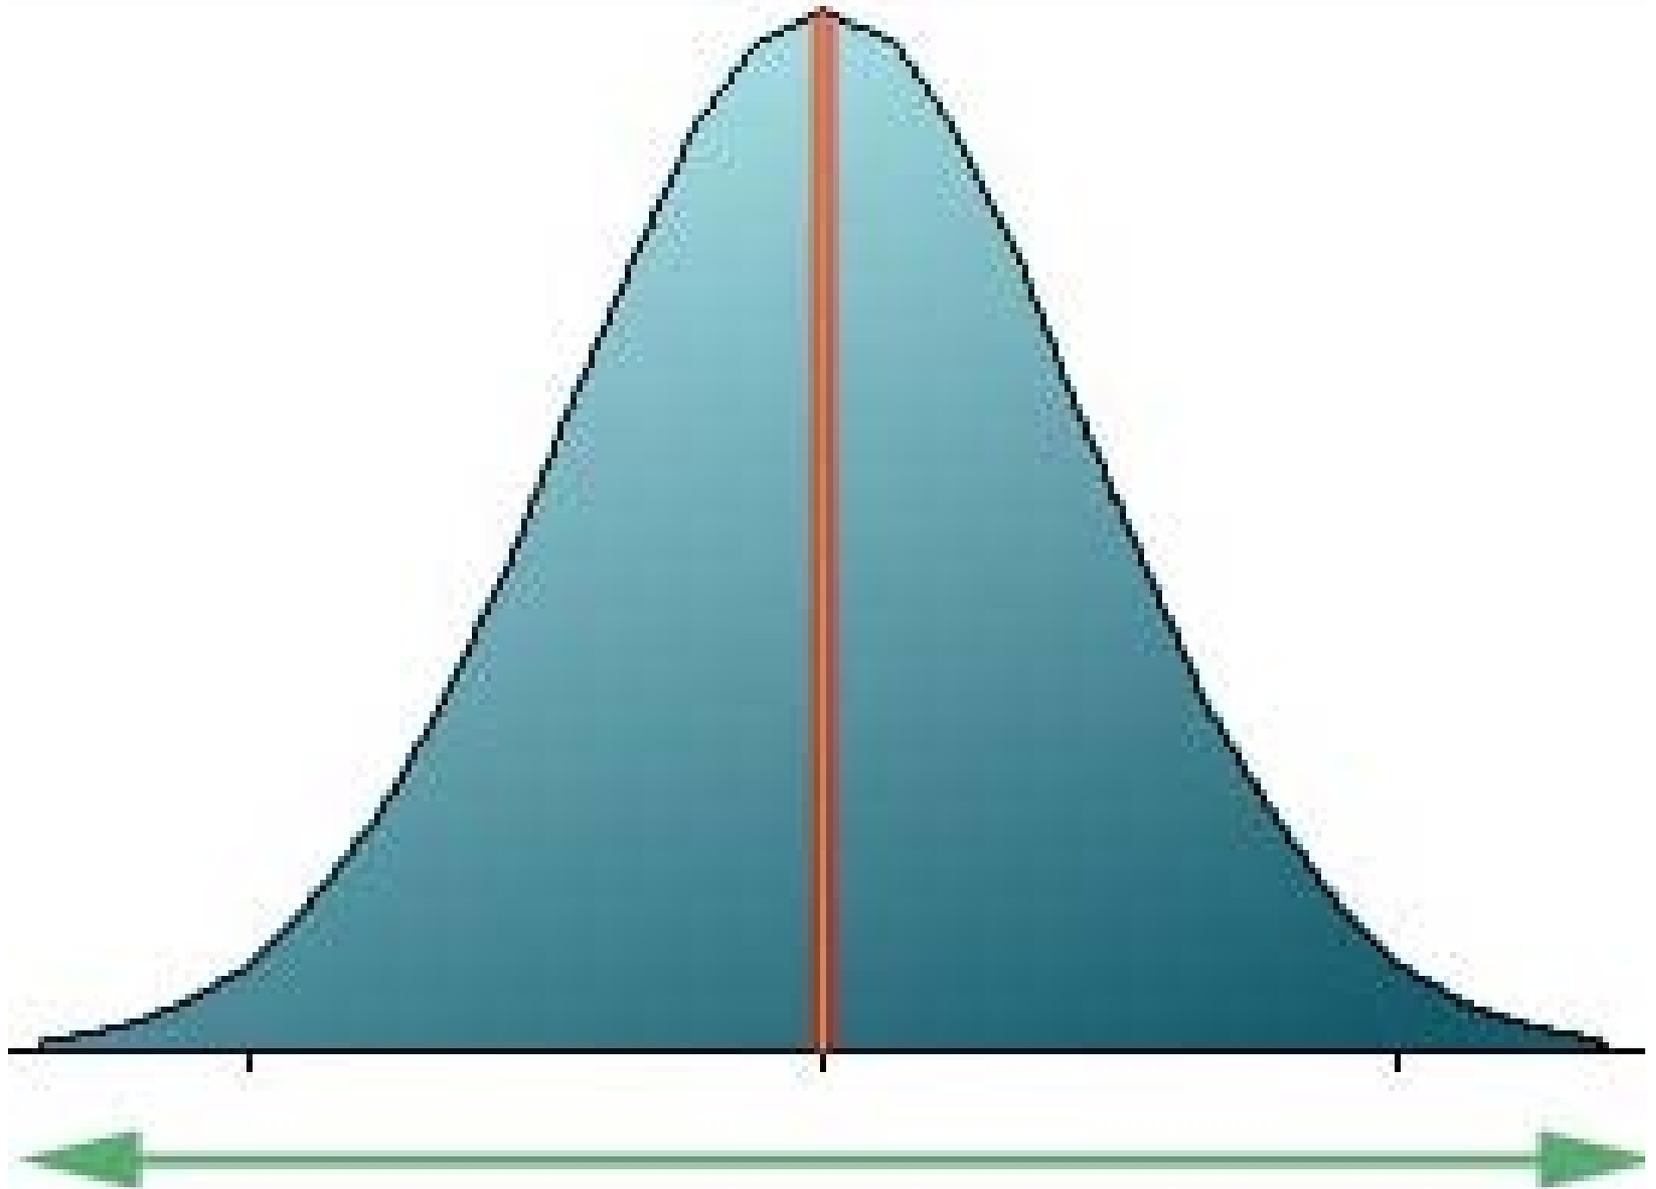

What's Your Baseline?

Use the Right Tools

What's the Variance to the Plan?

Capture Lessons Learned

Manage Risk

Challenges/Pitfalls

What's Your Process Improvement?

Use PI in Your SEPG

Build Respect for SEPG and CMMI

"I think Carl is taking his admin privileges too far..."
