

2009 Joint CBRN Conference
& Expo

June 23-25, 2009

Ft. Leonardwood, MO

**CHEMICAL BIOLOGICAL DEFENSE
ACQUISITION INITIATIVES FORMUM
(CBDAIF)**

CBD AIF Charter

Objectives

- Review, discuss, and recommend initiatives in the area of acquisition excellence.
- Examine industry and government practices that impact the acquisition of goods and services that support the DOD efforts related to chemical and biological defense.

Mission

Develop and encourage the use of innovative procurement and acquisition procedures for supporting and acquiring chemical and biological defense program (CBDP) related goods and services in order to better meet the needs of all stakeholders in the process.

CBD AIF Operation

- Formed from NDIA Corporate Membership consisting of team members representing the various segments of the industrial base

- Permanent members
 - JPEO Chemical Biological Defense
 - Special Assistant to JPEO for External Affairs
 - Director, DTRA JSTO
 - Vice President of Operations, NDIA
 - Director, RDECOM Acquisition Center

Industry Sectors Represented

- Remedial Construction & Non-Stockpile
- Detection
- Operations & Maintenance
- Protective Equipment
- Filter Technology
- Decontamination
- Small Business
- Systems Integration
- Medical/Pharmaceutical
- Surety Laboratories
- Professional Services

Terms and Procedures

- The CBDAIF meets 3-4 times per year.
- Representatives and industry Co-Chair serve for 2 years with approximately half the representatives being rotated each year.
- Sector representatives are company senior executives, but must provide unbiased representation of their sector and not their company.
- Topics of interest are solicited from members, and interested government agencies.
- Subcommittees are formed as necessary to evaluate specific topics.

Recent CBDAIF Discussions

- Backlog in Security Clearance Investigations
- Impact of Proposed Biosurety Regulations
- Ideas for Speeding Up the Contracting Process
- Small and Disadvantaged Business Participation
- Export Approval Processes (Subcommittee)
- Sales to State and Local Governments
- Science and Technology and Research and Development Initiatives
- Procurement Funding Trends
