-----

“SECURITY PROCEDURES - INFORMATION FOR VISIT REQUESTS

The Security Access List will be compiled by the NSWCrane, Mission Security Branch. Attendees (including NSWCrane employees) should initiate a visit request via JPAS/JCAVS using SMO code 00164 and Steve Clark as the POC.

The deadline to submit visit requests is COB 6-August-2010. Participants whose names do not appear on the Security Access List will not be admitted to NSWCrane, IN. Your clearance must be awarded by your SMO, eligibility without actual award is insufficient.

\*\*\*LATE AND/OR ON-SITE REGISTRATION (SPACE PERMITTING):

There is a possibility that registration may be closed early due to capacity limitations and that late and/or on-site registration may not be offered. We sometimes sell out and must close registration early; we strongly suggest you register early for this unique event.

If you **DO NOT** have a DoD CAC or retiree card, you will need a classified visit request and instructions to drive around to the Crane gate.

You **CAN NOT** follow the conference shuttle bus in (onto the base).
