**DSF Vision**

"The Coast Guard's rapidly deployable specialized forces will provide an array of mission specific capabilities that leverage the Coast Guard's unique authorities to support the emergency needs of operational commanders in planned mission sets, such as Ports, Waterways and Coastal Security. The elements providing this capability shall be properly trained, equipped and supported to respond professionally and proficiently to the complex and challenging scenarios that they may face."

A dramatic silhouette of a helicopter in flight, hoisting a person by a rope. The scene is set against a vibrant sunset over the ocean, with the sun low on the horizon and clouds illuminated in shades of orange and yellow. The helicopter's rotors are blurred, suggesting motion. The person being hoisted is also silhouetted against the bright sky. The overall mood is one of action and heroism.
