

Naval Station Great Lakes

Quarterdeck
of the Navy

Captain Randy Lynch, USN
Commanding Officer

70-80-90 Rule

Water covers about 70 percent of the Earth's surface.

About 80 percent of the world's population lives near the ocean. This percentage is likely to grow in the future.

About 90 percent of all international trade travels by sea. This percentage, too, will probably go up.

March 20, 2011

Your United States Navy Sailor

What kind of young man or woman enlists in today's Navy?
