SPECIAL OPERATIONS FORCES INDUSTRY CONFERENCE

SOF Warrior

LtCol Ken Burger

Program Manager

Family of Special Operations Vehicles

SOFIC - 2013

Mission Statement

Develop, procure and sustain affordable wheeled mobility capabilities for specific missions when Service solutions do not meet SOF requirements
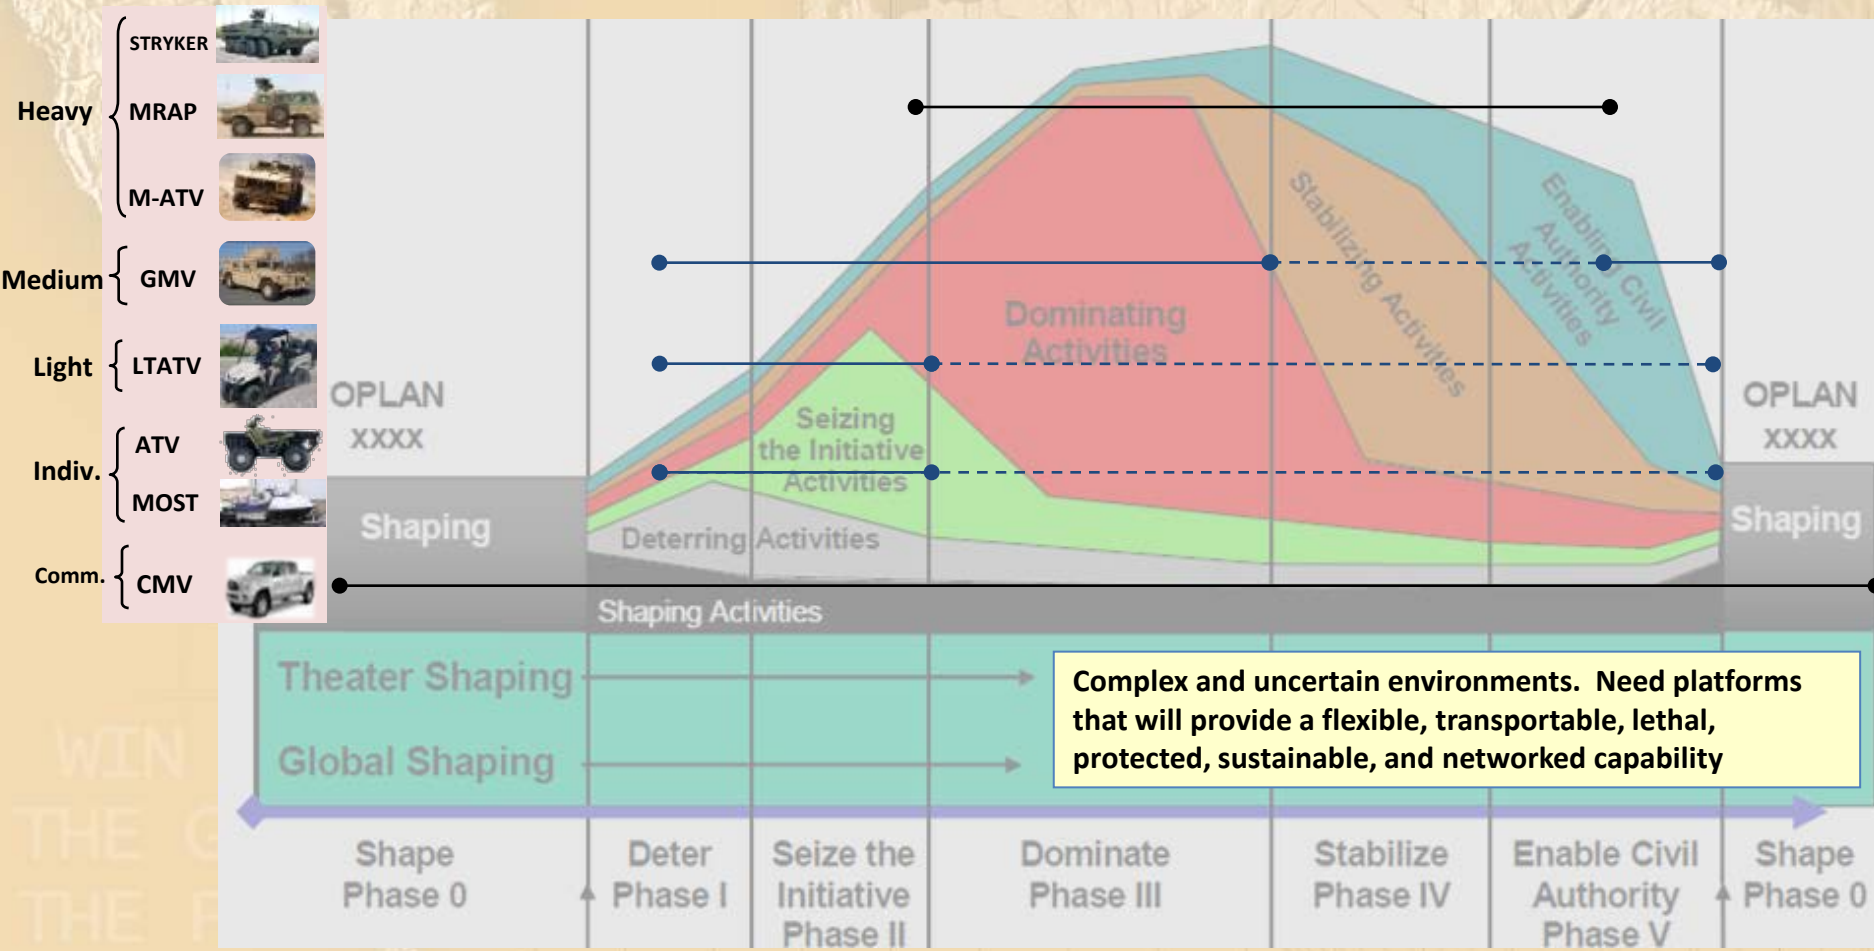

3,000 SOF Modified
and
SOF Specific vehicles

Scope of the Tactical Mobility Requirement

Fielded Platforms

- 593 modified-COTS All-Terrain Vehicles
- 651 modified-COTS Light Tactical All Terrain Vehicles
- 380 Non-Standard Commercial Vehicles
- 1,072 SOF Ground Mobility Vehicles (HMMWV-based)

Acquisition Philosophy

- Maximize utilization of Service Common material solution
  - Fully integrated in the requirements/development process

- Integration at the System Level for Operational Capability
  - Modular, user installable C4I
  - Weapons integration
  - Ballistic/Blast protection upgrades (mission configuration kits)
  - Modularity, flexibility of modification, speed of delivery for mission

- Build SOF Specific material solution
  - Procure and sustain when above two options are unavailable
  - Limited resources
  - Focused on SOF-specific missions
  - Transition from SOF to regular forces

- Modified Commercial Off the Shelf
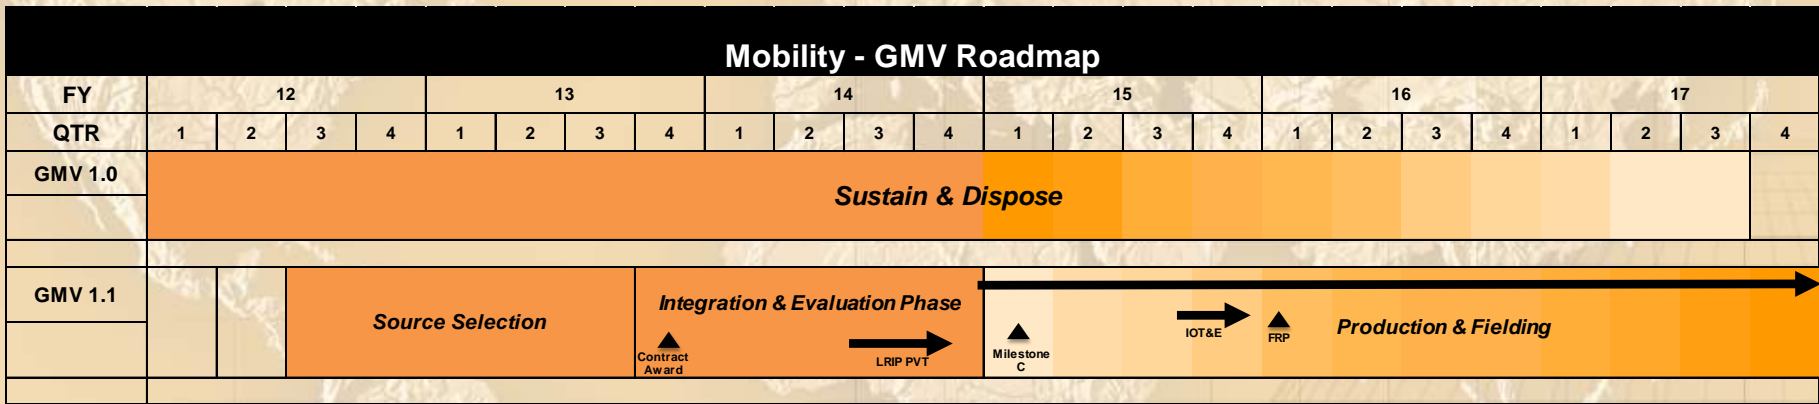

Mobility – Heavy Tactical Vehicles Roadmap
