Technology Scouting

# Technology Scouting (Discovery)

- USSOCOM S&T has instituted a Special Operations Advanced Technology Collaborative (SOATC) process and is looking to build additional relationships with Government, Industry, and Academia S&T SMEs
  - Awareness of all S&T in support of SOF
  - Brainstorming approaches
  - Innovative thinking
  - Feed development
- Conducting monthly collaborative virtual meetings that focus on SOF specific areas of interest
- Evaluating various 'tools' that enable technology scouting/collaboration (like DCO, WebEx, VSee, Adobe Connect, Collaborative Reef, etc.)
- Putting more Cooperative Research and Development Agreements (CRADAs) in place
- USSOCOM S&T will have a DTIC Field Service Representative (FSR) assigned
