NAICS SELECTION

- FAR 19.102 (d)...when acquiring a product or service that could be classified in two or more industries with different size standards, contracting officers shall apply the size standard for the industry accounting for the greatest percentage of the contract price
- The acquisition team meets and discusses the requirement and what NAICS code seems appropriate
 - Very seldom does a NAICS code fit “perfectly”, judgment is involved
- The Contracting Officer makes the NAICS code decision and forwards the DD Form 2579 (Small Business Coordination Record) to OSBP for coordination
 - Very seldom does OSBP disagree since we are in deliberations up front
- OSBP sends to the SBA (Orlando) for their concurrence
