LOGISTICS

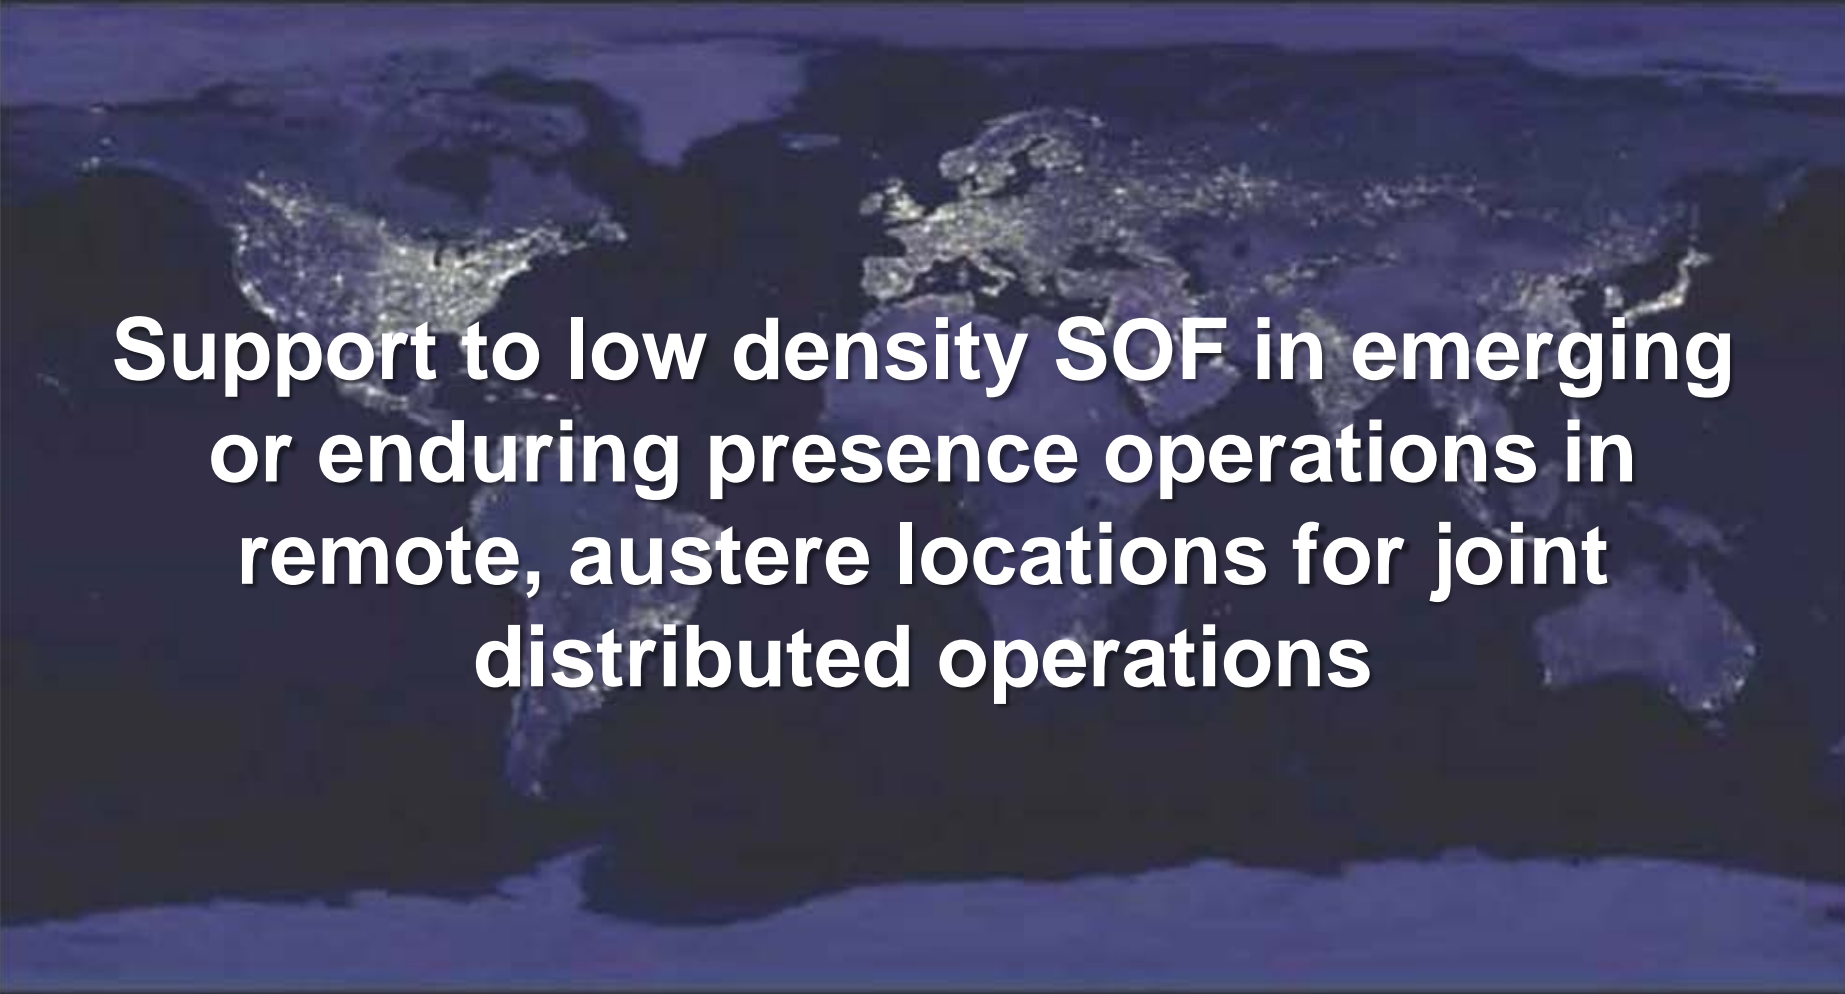

# AGENDA

- **Purpose**
- **J4 Mission, Organization**
- **Sustainment Support to SOF AT&L**
- **Portfolio Overview**
- **SOF Joint Sustainment Enterprise (SJSE)**
- **Shaping SOF Logistics**
- **Industry Roles**
- **Summary**

# PURPOSE

- **USSOCOM J4 and PEO SOFSA will jointly present information on operational and sustainment support to SOF for interested industry partners**
  - J4 will describe current initiatives to shape SOF logistics support to the Theater Special Operations Commands along with an overview of logistics policies and expectations for the sustainment of Special Operations-Peculiar (SO-P) end items
  - As the major SO-P provider of end items to the Command, PEO SOFSA will define how its operations are nested into J4's policies and how PEO SOFSA executes its mission to provide mission-critical logistics support throughout USSOCOM

# **SOF LOGISTICS OPERATIONAL ENVIRONMENT**

**Support to low density SOF in emerging or enduring presence operations in remote, austere locations for joint distributed operations**

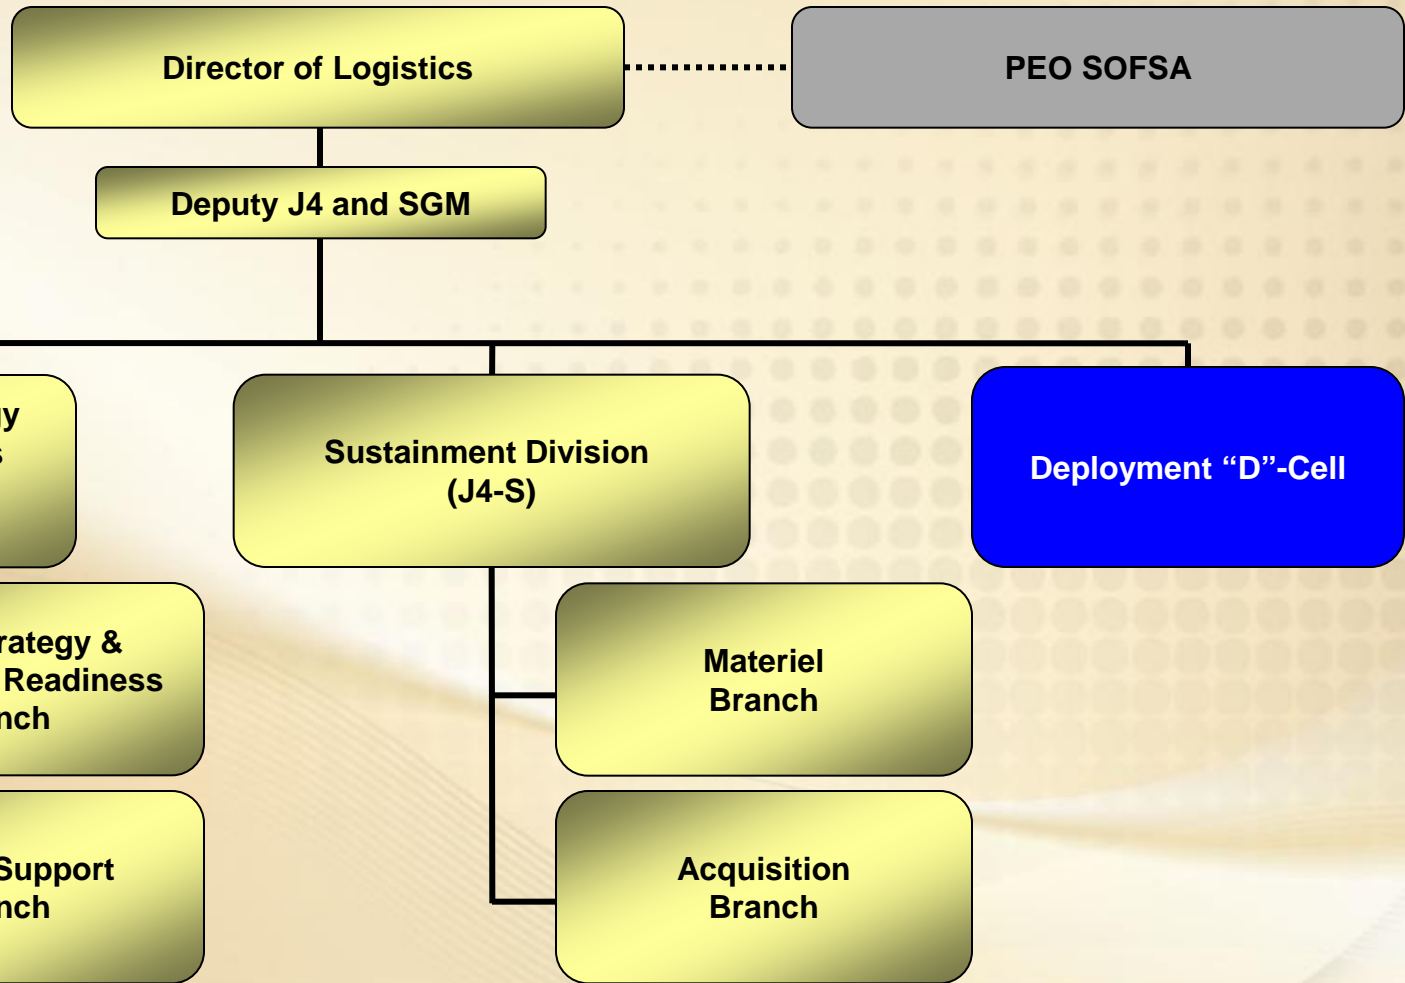

# J4 LOGISTICS MISSION

- **J4 ensures worldwide logistic support through coordinating, planning guidance, analysis in support of Unified Commands, Services, Components, Theater Special Operations Commands (TSOCs)**
- **Establishes, and executes SOF logistics policy to ensure material readiness**
- **Develops and promulgates logistics concepts, strategy and procedures**

# SHAPING SOF LOGISTICS

- **Supporting efforts to shape/enhance worldwide log support**
  - 12XX program support
  - Activity Sets, Prepositioning
  - Mobile Technology Repair Complex (MTRC)
  - SOFSA Forward concepts
  - SO-P Sustainment Decision Tree Tool
  - SOF Log IT construct development
  - SO-P equipment Visibility: Pushing SO-P wholesale data (H9D) into GCSS-J
  - SJSE Initiatives
    - MILSTRIP requisitioning
    - SOF Inventory Control Point
    - Authorizations Visibility
    - HQ USSOCOM Property & Retail Inventory Visibility

# INDUSTRY ROLES

- **Today**

- Small J4 program/services portfolio today
- CRADA (Cooperative Research and Development Agreement) efforts, Acquisition Logistics

- **Tomorrow**

- Executing SJSE initiatives; Potential opportunities may include:
  - SOF Inventory Control Point support
    - Item Management services
    - Primary Inventory Control Activity (PICA) reports & analyses for Supply Chain Mgt Oversight & Execution (SME Support)
    - Accountable Property System of Record (APSR) certification
  - Maintenance Data Collection, Analysis and Recommendations
  - CRADA opportunities for SOF Logistics IT elements, Portal Design

# SUMMARY

- **USSOCOM-J4 is responsible for supporting a complex dual-mission set to meet ever-changing worldwide logistics requirements**
- **We use Industry to meet some of our services requirements**
- **SOFIC allows J4 to keep our Industry Partners apprised of (1) how we're shaping our global logistics support, and (2) efforts with SJSE initiatives to enhance sustainment support**
