Synchronizing Global Expeditionary Capabilities

DLA provides significant support for every CCDR...our relationship with USTRANSCOM is special and unique because of the interrelationships of our processes *DLA Director's Intent, July 2015*

As future conflicts become increasingly dynamic, U.S. forces must have the agility to respond quickly, across traditional regional boundaries with a variety of strategic capabilities *Gen McDew, HASC Subcommittee on Readiness, March 2016*

Because of lessons learned from Operation United Assistance, and subsequent joint exercises, we partnered with DLA to integrate their Rapid Deployment Initiative (RDI) into our JTF-PO capability to provide rapid initial theater distribution support to the supported Geographic Combatant Commander (GCC) *Gen McDew, HASC Subcommittee on Readiness, March 2016*
