

NDIA MUNITIONS SUMMIT

Opening Remarks

Mr. ANTHONY J. SEBASTO, SES

*Executive Director, Enterprise and Systems Integration Center (ESIC),
RDECOM-ARDEC, Picatinny Arsenal, NJ*

**UNPARALLELED
COMMITMENT
& SOLUTIONS**

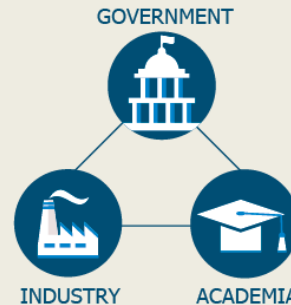

Act like someone's life depends on what we do.

**U.S. ARMY ARMAMENT
RESEARCH, DEVELOPMENT
& ENGINEERING CENTER**

- Supporting the Nation and the Warfighter is our top priority
- Be agile, ready for change, prepared for the future threat
- To empower and unburden the Warfighter, we must innovate
- The key to innovation is collaboration between:
 - Government entities
 - Businesses
 - Non-traditional contractors
 - Academia
- RDECOM ARDEC's approach: Develop Platform-Agnostic Multi-Role Armament Systems and Multi-Role Munitions capable of a full spectrum of operations

U.S. ARMY
RDECOM

COMBAT ARMAMENT SYSTEMS

Lethality

Mobility Protection

The Armament System is central to all Combat Platforms in order to Eliminate Threats/Targets

WEAPON/TURRET

How repeatable am I?

FIRE CONTROL

First Time, How Fast? How Precise?

Precision

Accuracy

Effects

AMMUNITION

How many different targets can my munition defeat?

Combat Platform Integration

Threats/Targets
