

SPECIAL OPERATIONS FORCES INDUSTRY CONFERENCE

Ms. Lisa Sanders
DIRECTOR SCIENCE & TECHNOLOGY

S&T VIRTUAL SYMPOSIUM

“Somewhere something incredible
is waiting to be known.”

SCIENCE AND TECHNOLOGY

S&T Virtual Symposium

- The USSOCOM S&T Directorate is offering a virtual presentation as a way to communicate areas of interest in FY18
- The videos feature an introduction by the USSOCOM S&T Advisor/S&T Director
- The presentations also include members of the S&T Directorate staff presenting information about their respective technology commodity areas of interest and intended technology objectives

The screenshot displays the SOF AT&L website interface. At the top, the logo and name 'SOF AT&L' are visible. Below the navigation bar, the main heading is 'S&T TDWG Virtual Symposium Videos'. The content is organized into a grid of video thumbnails. The first thumbnail is titled 'S&T Overview' and features a speaker identified as 'Mr. Lisa Sanders'. Subsequent thumbnails are arranged in two columns and three rows, covering topics such as 'C4', 'Multi-Purpose Canines', 'Fires', 'Optics', 'Protection', and 'Human Performance'. The final thumbnail at the bottom is titled 'TE Overview' and features a speaker identified as 'Dan Bernard'. At the bottom of the page, there is a footer section containing 'Distribution A' information, 'Policy & Guidance', 'Resources', 'CDC Required Links', and 'SOF AT&L' contact information.
