Vulcan – Technology Scouting Application

- Web-based platform that enables anyone to quickly describe technology and upload supporting documentation to a secure, shared, searchable, central database
 - Information is entered into a “Scout Card”
 - Scout Cards can be easily disseminated across the SOF enterprise to individuals or teams
 - Enables everyone in SOF to be a Tech Scout
- Government users can remotely “poke” the organization or individual who originally entered the data to provide updates/respond to comments
- Vulcan supports evaluation/assessment/scoring of submitted technologies, and sharing of results
- Each time a Scout Card is interacted with it has an associated timeline showing technology maturation across events
