COVID-19 Response HQs Service Contract Update

- **J-code Directors, Special Staff, and leaders are no longer required to limit the number of individuals conducting in-person work from HQ USSOCOM facilities.**
- **Indoor in-person meetings in HQ USSOCOM facilities are limited to no more than 25 personnel who must maintain six foot physical distancing while wearing an appropriate mask.**
- **In order to mitigate risk of disease spread, USSOCOM will use electronic communication platforms as the primary meeting format, in lieu of in-person meetings.**
- **Outdoor gatherings to conduct USSOCOM business are limited to 50 personnel or fewer who must abide by six foot physical distancing and mask wear.**

Latest on USSOCOM Category Management

- **To Date, USSOCOM's Category Management activities have been largely implemented through individual acquisition strategy approvals, and the Services Requirements Review Board Process. Enablers include:**
 - **Collaboration**
 - **Performance Management**
 - **Capability Building**
- **Best SOCOM Examples of Spend Under Management/SOF Best in Class contracts include SOFSA, POTFF and SITEC**
 - **Recent examples using BICs include SOF AT&L Support Services, META, and EKM**

Services Acquisition Items of Interest

- **SOF CORE Support (SCS) Services Awarded**
 - **10 year, \$950M ceiling SOF Core Support (SCS) multiple award Indefinite Delivery/Indefinite Quantity (ID/IQ) Service Contract Vehicle.**
 - **46 Prime contractors**
 - **The requirements in the IDIQ level Statement of Work support the government in the following areas:**
 - **Education and Training Services,**
 - **Management Support Services,**
 - **Program Management,**
 - **Engineering,**
 - **Technical and Professional Services, and**
 - **Administrative & Other Services.**
 - **Delegated Ordering Authority to Component and TSOC Contracting Offices**

Services Acquisition Items of Interest

- **SOF Wide Mission Support (SWMS) Vehicles**
 - SWMS-A Ordering Period has Ended
 - SWMS-B Ordering Period has Ended
 - SWMS-C Ordering Period being extended from January to July 2022
- **\$23.5M acquisition completed by GSA for MISO Evaluation and Transregional Analysis (META) effort.**
 - The META contract supports survey development and the collection, formatting, analyzing, storage, and presentation of data to support USSOCOM META mission requirements.
- **Enterprise Knowledge Management (EKM)**
 - SOF EKM operations are defined as the integration of people, processes, and technology, to facilitate the exchange of operationally relevant information and expertise to increase organizational performance. This involves creating, organizing, applying, and transferring knowledge to facilitate situational understanding and decision-making, which enables decision superiority.
 - **Current Status**

Services Acquisition Items of Interest

- **Material Management Defense Property Accountability System (DPAS) Support Services**

- The purpose of this contract is to provide contractor support personnel to assist in implementing and systematically maintaining the Defense Property Accountability System (DPAS) Warehouse, Maintenance & Utilization (M&U), Registry, Property Accountability, Force Management, and Materiel Management modules across all Special Operation Forces' supply support activities. DPAS is the only authorized Accountable Property System of Record (APSR) approved by the DOD.

- **Current Status**

- **SOFM FIAR Support**

- The purpose of this task order is to provide contractor support to assist USSOCOM with achieving and maintaining auditable financial statements. The contractor shall rapidly and efficiently conduct activities necessary to identify and improve financial reporting deficiencies in accordance with accelerated Office of Under Secretary of Defense (Comptroller) (OUSD(C)) Financial Improvement and Audit Remediation (FIAR) guidance.

- **Current Status**

Services Acquisition Forecast

- **Hostile Forces - Tagging, Tracking, and Locating (HF-TTL) Follow-on**
- **SWMS-C Follow-on (SEPS)**
- **UEWTEP III**

HF-TTL Follow-on

Hostile Forces - Tagging, Tracking, and Locating (HF-TTL)

Requirement:

- Field Service Representatives (FSRs) for:
 - o HF-TTL
 - o TVS/RSTA (Tactical Video System/Remote Surveillance Target Acquisition)
- New Equipment Training (NET)

Supported Organizations:

- Special Operations Forces (SOF) military units
 - o CONUS-based Operators
 - o Deployed Units (for duration of rotations)
- SOF Component Headquarters
- Theater Special Operations Commands (TSOC)

Includes:

- Advising and training on the employment of specialized tactical surveillance
- Providing direct lessons-learned, operational training and technical support personnel
- Quick-reaction support
- General technical support to the USSOCOM Program Office
- Management of a large, geographically dispersed work force

Current Status: Sources Sought document published on on beta.SAM/reviewing responses to inform Acquisition Strategy.

HF-TTL Follow-on Schedule

Changes Contemplated from previous contract:

- **Significant Changes:** Added FSR requirements (14 additional FTE) for the TVS/RSTA portfolio which is comprised of SOF-P technical collection capabilities for tactical, attended, semi-attended, unattended, and remote SR operations.
- **Deliverables:** Requirement of financial and technical monthly reports.
- **Implementation of Three Service Imperatives**

HF-TTL Follow-on Schedule

**Requirements Definition/Market Research/Acq Strategy
Development: In progress**

Draft RFP Issuance: 4th Qtr FY21

Industry Day: 4th Qtr FY21

Final RFP Issuance: 4th Qtr FY21 / 1st Qtr FY22

Anticipated Award Date: 2nd Qtr FY22

SOF Enterprise Professional Services (SEPS)

Requirement: Provide FTE support to the Government across various task orders) in the following areas:

- **Engineering and Technical Services;**
- **Management Support Services;**
- **Administrative and Other Services;**
- **Program Management; and**
- **Professional Services**

Organizational Conflict of Interest (OCI) mitigation contractually enforced: The Prime contractor and sub-contractors for this contract will have daily access to requirements, resourcing and acquisition information that if used, would result in an unfair competitive advantage in competition for other SOF contracts.

Current Status: Pre-award / Market Research. RFI posted awaiting responses

SEPS

Changes Contemplated from previous contract:

- **Implementation of Three Service Imperatives (Stability, Agility, Reach)**
- **Contract scope added in support of:**
 - **Data Science**
 - **Artificial Intelligence (AI)**
 - **Autonomous Vehicles**
 - **Augmented-Virtual Reality (VR)**
 - **Robotics**
 - **Blockchain technology**

SEPS Schedule

**Requirements Definition/Market Research/Acq Strategy
Development: - In Progress**

Draft RFP Issuance: July 2021 (Earlier)

Industry Day: July 2021 (Later)

Final RFP Issuance: August 2021 (Responses Mid October)

Anticipated Award Date: April 2022

UEWTEP II Follow-on

Requirement: To provide HQ USSOCOM with SMEs and services in support of the USSOCOM UEWTEP. The UEWTEP Execution Plan outlines SOF related training, synergy, provides for prioritized requirements, training efficiencies, and support's fiduciary responsibilities by planning and executing a holistic approach across the enterprise-wide construct. Provide SOF exercise and collective training SMEs.

(Currently ~182 FTEs)

Current Status: Requiring activity reviewing current requirements and assessing resourcing availability to update and draft UEWTEP III Statement of Work (SOW).

UEWTEP II Follow-on Schedule

Changes Contemplated from previous contract:

- **Evaluating the needed support for the follow-on contract vehicle**
- **Assessing available resourcing**
- **Reevaluating what the services imperatives mean to the requirement (Stability, Agility, and Reach)**

UEWTEP II Follow-on Schedule

**Requirements Definition/Market Research/Acq Strategy
Development: January 2022**

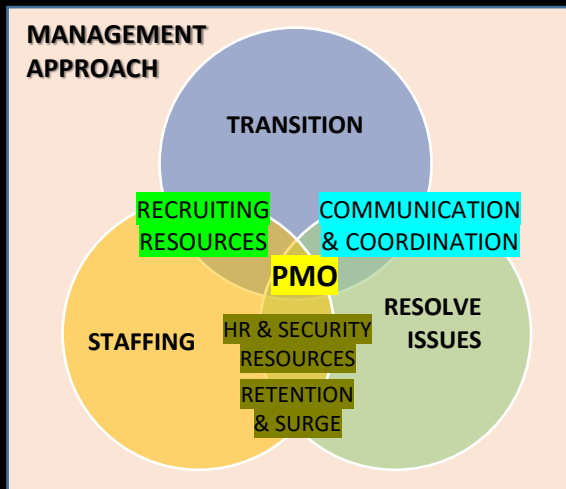

Industry Day: February 2022

Draft RFP Issuance: March 2022

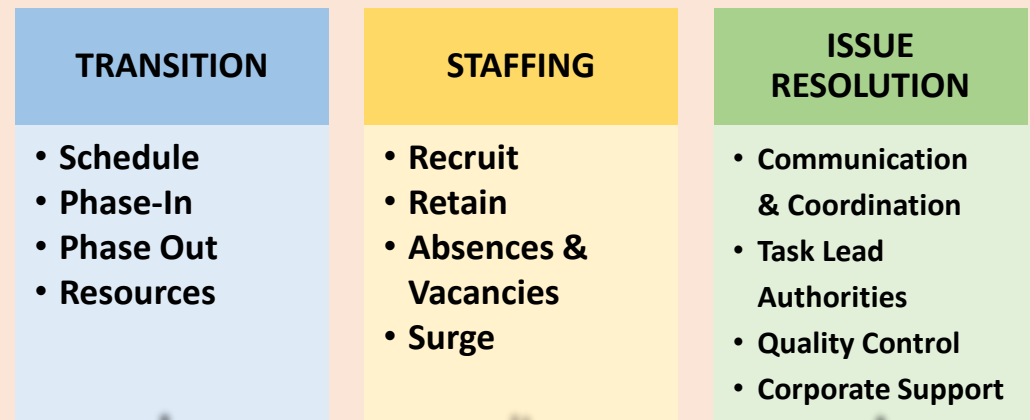

Final RFP Issuance: 25 April 2022

Anticipated Award Date: 12 December 2022

What is VALUABLE in Services Delivery ?

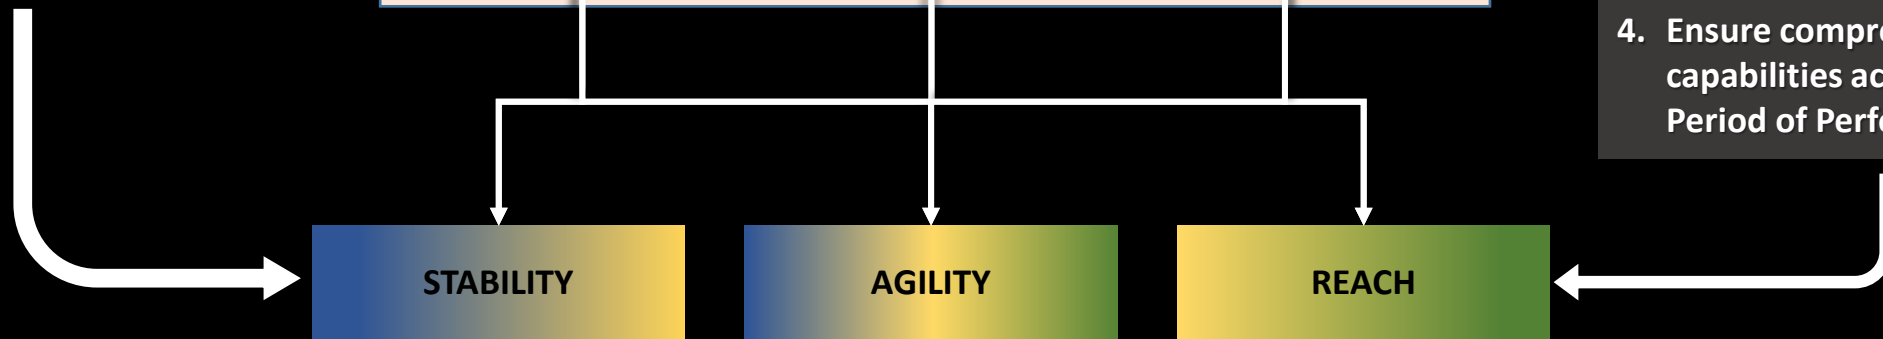

FUNCTIONS AND PROCESSES

A good Task Order Management Proposal (TOMP) will:

1. Describe methods by which functions and processes are accomplished
2. Identify resources applied to enable these described methods
3. Explain decision-making authorities for efficient and effective results
4. Ensure comprehensive capabilities across the entire Period of Performance

... management processes, enabled by corporate resources, will generate "imperatives"...

Elements of Essential Processes...

TRANSITION

- **Schedule**
 - Stipulated Milestones
 - Reviews – Info Sharing with Stakeholders
- **Phase-In**
 - Contact Plan(s)
 - Confirm “SUSTAINS” and “IMPROVES”
 - Re-Badging / Onboarding
 - Mission Continuity
- **Phase-Out**
 - Plan to Support
- **Resources**
 - What is different from resourcing during the REST of the PoP...

STAFFING

- **Recruit**
 - Network into Pools of Expertise
 - Use of the Info-Sphere
- **Retain**
 - Compensation & Benefits
 - Professional Education/Development
 - Growth Opportunities
- **Absences & Vacancies**
 - Policies and Options
 - Resources to Support SDS Requirements
- **Surge**
 - Understand the requirement and related authorities
 - Ensure Level-of-Effort within contractual stipulations

PEO Services Future Considerations

- **Considerations for Future PEO Services Acquisitions**
 - What service support vehicles does the Command need going forward?
- **Factors Impacting Potential Course of Action for Enterprise Solutions:**
 - Command Service Requirements aligned to NDS and Commander Priorities
 - POM outlook
 - Desire/Appetite for Consolidation of various training pipeline efforts across the Enterprise
 - Much of this training would be within scope of SOF Core Support
- **Potential COAs:**
 - Continued Execution at Unit/Component Level
 - Utilization of existing Government Wide Agency Contracts (GWACs)
 - Enterprise Solutions tailored by Component/J-Code/Directorate
