**Sustainment
Innovation**

Maintenance

**Supply &
Distribution**

Manufacturing

Sustainment Operations

Requirements Driven By:
National Command Authority's Strategic Guidance

- Avoid strategic surprise
- Aviation part complexities
- Supply chain frailty
- Advanced manufacturing

How do we fit in?
Provide rapid supply chain response to deter a peer adversary or if that fails, rapidly support combat operations

how to move left of indications and warnings

Demand Planning

Rapid Delivery, Speed, & Agility

Industrial Base

Accurate forecasting & analysis to determine key wartime needs

Transportation / distribution sync'd with source of supply availability

Postured correctly globally with focused capacity for low tech and complexity

NEED TO BE HERE

Start of Military / Humanitarian Operations

Distribution Statement A: Approved for public release
