Campaigning with Partners for Integrated Deterrence

LTC Brice Cooper, Program Manager
Counterproliferation & CUAS

MULTI MISSION ELECTRONIC COUNTERMEASURES (ECM)

Expeditionary Fixed Site - Mounted - Dismounted

- Continued investments in Multi-Mission capabilities through Modernization
- Seeking industry engagement to capture advanced technology & techniques to counter emerging threats across the spectrum for integrated deterrence
- Next Generation ECM Capabilities

ACQUISITION STRATEGY

- Modernization of fielded systems through technology insertion to bridge the gap until Next Gen ECM

PERIOD OF PERFORMANCE

- Active Sustainment

MILESTONES

- Next Gen RFI & Industry Day: 1QFY22
- Next Gen Capabilities Demo: 4QFY22

POINT OF CONTACT

- USSOCOM SOF AT&L, Engage SOF (eSOF)
(813) 826-9482

FUNDING

- RDTE, PROC, and O&M

CURRENT CONTRACT/OEM

- EGON – L3H/NEXGEN Communications
- Modi – Sierra Nevada Corporation

COUNTER UNMANNED SYSTEMS (CUxS)

Expeditionary Fixed Site - Mounted - Dismounted

- Prioritizing integrated & autonomous open architecture system of systems – maximum modularity, optimized to the mission
- Seeking opportunities to pursue industry developed software, techniques, and algorithms for use in existing systems
- Best of breed sensor & effector evaluations for aerial, ground, and maritime threats
 - USSOCOM remains sensor and effector agnostic in its approach to the CUxS mission

ACQUISITION STRATEGY

- Sensor & effector market research based on capability gaps
- Review, assess, and adopt new capabilities for integration and fielding through our Systems Integration Partner (SIP)

POINT OF CONTACT

- USSOCOM SOF AT&L, engage SOF (eSOF)
