VSM

Definition and Purpose

VSM is a DLA enterprise wide, web-based system that supports cargo movement from DLA suppliers to DLA customers and DLA warehouses

DLA suppliers access VSM to notify DLA that a Free on Board (FOB) Origin order is ready for pickup

DLA suppliers access VSM to print Military shipping labels which contain correct addressing. In addition, package or box labels, Bills of Lading (BOL)s, and packing lists will print dependent on whether the order is FOB Origin or FOB Destination

VSM

Use When Contracts Are:

FOB ORIGIN

Found in Block 8 of the Contract

- Use of VSM is a requirement
- DLA manages and pays for transportation
- Supplier enters shipment details—
- Weight, Pieces, Dimensions
- VSM provides tracking label for small parcel or Bill of Lading (BOL) for less than truckload (LTL) and truckload (TL) shipments
- VSM prints all labels and transportation documents

FOB DESTINATION

Found in Block 8 of the Contract

- Use of VSM is required per DLA Procurement Letter 2023-01 effective 10/20/22
- Supplier manages and pays for transportation
- Supplier enters minimal shipment information
- Supplier can enter the transportation provider name and tracking number to aid in receipting material
- VSM provides military shipping label and packing list

VSM How It Works

VSM Registration

<https://vsm.distribution.dla.mil>

**Contracts from
Enterprise Business
System (EBS)**

VSM

- Contract information flows from EBS into VSM by CAGE Code and by FOB Origin or FOB Destination terms and by Admin—DLA or DCMA
- If a supplier is not registered prior to award, the contract will not be available in VSM
- Awards missing from VSM can be manually populated by the supplier after registration is complete
- Suppliers register each of their ship from addresses in VSM

VSM Transportation Routing

- VSM determines whether shipment will be routed Small Parcel or Freight
- VSM personnel combine smaller freight shipments when destined to the same address and have the same priority, in order to save \$
- VSM utilizes current DLA routing and addressing logic
- VSM provides limited in transit visibility

VSM

Ground Transportation Modes

SMALL PARCEL

- UPS and FedEx
- 150 lbs. or less with dimensions of 165" or less length and girth combined or no longer than 108"

Less than Truckload (LTL) & Truckload (TL)

- Crowley Logistics (3PL)
- LTL Generally more than 150 lbs., but less than 10,000 lbs.
- TL Generally 10,000 lbs. – 40,000 lbs.

VSM Process Schedule

**WHERE IS MY
TRUCK??????????**

VSM

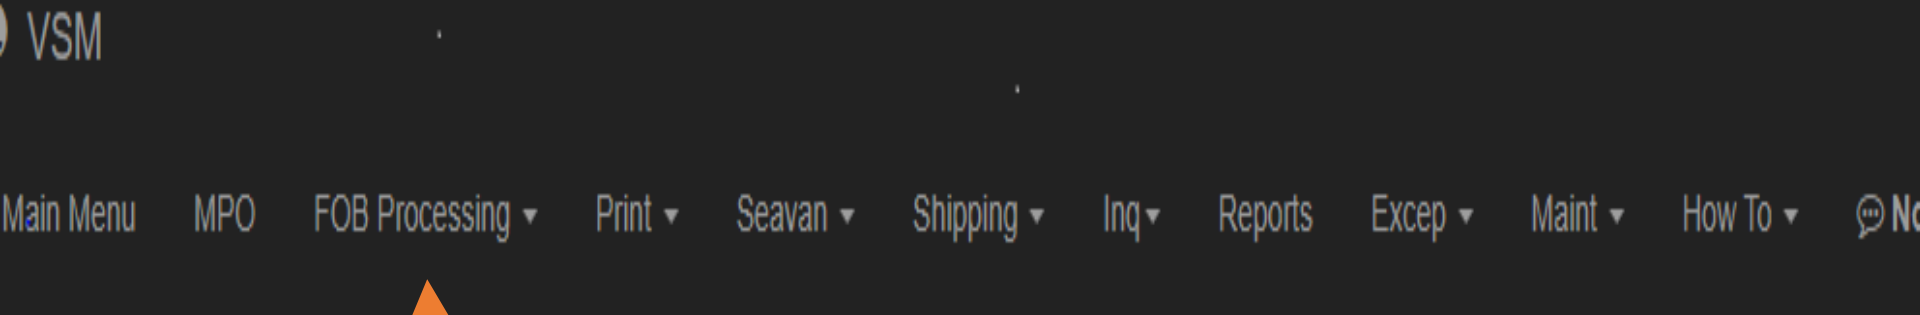

Process Schedule/LTL/TL Shipments

If VSM entry by 1000						
<u>Monday</u>	<u>Tuesday</u> Documents available in VSM by 1500	<u>Wednesday</u> Shipment pickup by carrier prior to close of business (COB)	<u>Thursday</u>	<u>Friday</u>	<u>Monday</u>	<u>Tuesday</u>
Tuesday		Documents available in VSM by 1500	Shipment pickup by carrier prior to COB			
Wednesday			Documents available in VSM by 1500	Shipment pickup by carrier prior to COB		
Thursday				Documents available in VSM by 1500	Shipment pickup by carrier prior to COB	
Friday					Documents available in VSM by 1500	Shipment pickup by carrier prior to COB

VSM Common Errors/ Consequences

WRONG CONTRACT CHOSEN

Wrong labels, no Goods Receipt, no payment

WRONG QUANTITY ENTERED

Wrong transportation type ordered, incorrect labels, incorrect Goods Receipt, no payment, remaining quantity no longer available in VSM

LABELS NOT PROPERLY APPLIED OR INSUFFICIENT BOX OR PACKAGE

- Material separated from packaging in transit, Loss or Damage claim filed, another procurement required
- Wrong ship to DODAAC entered using Manual Process Order (MPO)
- Shipment arrives at incorrect address and never recovered or reship required
- Delayed payment and another procurement required

Common Questions

Q. When can vendors use VSM for non FDT awards and what does VSM provide for non FDT awards?

A. FOB Destination contracts are available in VSM. Military Shipping labels and packing lists will print from VSM.

Q. Why doesn't DLA offer FOB Origin VSM support for Hazardous material shipments?

A. In a word, Liability. DLA administered contracts for hazardous materials are awarded FOB Destination. DLA suppliers are responsible for HazMat training as well as securing HazMat qualified transportation providers.

Q. VSM Transportation Team - Phone them or email them?

A. Depends on the urgency of the request. DLA VSM phone lines are currently being answered between 9 a.m. and 5 p.m. Mon-Fri
