NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support. For more information, visit NDIA.org

WHO WE ARE

The Aerospace Industries Association (AIA) was founded in 1919 and is the largest and oldest U.S. aerospace and defense trade association, representing 347 aerospace and defense manufacturers and suppliers with approximately 844,000 employees. Our members represent the leading manufacturers and suppliers of civil, military, and business aircraft, missiles, space systems, aircraft engines, material, and related components, equipment services, and information technology. Visit aia-aerospace.org for more information.

WELCOME TO THE 2023 JOINT NDIA/AIA SPRING INDUSTRIAL SECURITY CONFERENCE

As your hosts, we would like to take this opportunity to welcome each and every one of you to the Joint NDIA/AIA Spring Industrial Security Conference! This meeting is the primary engagement forum for senior U.S. government industrial security policymakers from the Department of Defense and intelligence communities, as well as senior security executives from the Nation's top 200 defense companies. The planning committee members, as well as many industry volunteers, have strived to create an agenda and provide the opportunity to engage with your government and industry counterparts in candid and respectful discussions on the strategic operational and policy issues that directly impact national security and mission success.

Over the next three days, our goal is to facilitate strong partnerships that can develop implementable solutions to address the critical issues and needs directly impacting government and industry. This meeting can only be as successful as you make it; your involvement is critical. Remember, this meeting is a non-attributional environment, so please do not be shy. We look forward to meeting everyone. If there is anything we can do for you, please do not hesitate ask.

Enjoy the meeting.

Quinton Wilkes

HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

EVENT CODE OF CONDUCT

NDIA's Event Code of Conduct applies to all National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), and Women In Defense (WID) meeting-related events, whether in person at public or private facilities, online, or during virtual events. NDIA, NTSA, and WID are committed to providing a productive and welcoming environment for all participants. All participants are expected to abide by this code as well as NDIA's ethical principles and practices. Visit NDIA.org/CodeOfConduct to review the full policy.

ANTITRUST STATEMENT

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

THINK *tek*

WE UNDERSTAND YOUR SECURITY CHALLENGES

We combine strategy, innovation, and a commitment to continuous improvement to provide solutions that safeguard national security and defend against current and future security threats.

BIOGRAPHIES

MAJ GEN DAVID ABBA

Director of Special Programs, Director DAF SAPCO
Office of the Deputy Secretary of Defense

Maj Gen David Abba is the Director of Special Programs and the Director of the Department of Defense Special Access Program Central Office, the Pentagon, Arlington, VA. He serves under the authority, direction, and control of the Deputy Secretary of Defense for all programs protected under special access controls in order to acquire and deploy operational and intelligence capabilities to warfighters

worldwide. Additionally, Abba chairs the Low Observable/Counter Low Observable Tri-Service Committee.

Abba earned his commission through the United States Air Force Academy in 1995 with a Bachelor of Science in human factors engineering. He has held a variety of flying assignments at the squadron, group and wing level, including serving as the weapons officer for the 58th Fighter Squadron at Eglin Air Force Base, FL; Director of Operations for the 27th Fighter Squadron and Commander of the 94th

Fighter Squadron, both at Langley AFB, VA; Commander of the 3rd Operations Group at Joint Base Elmendorf-Richardson, AK; and Commander of the 53rd Wing, Eglin Air Force Base, FL. The general's staff assignments include Airpower Strategist in Project CHECKMATE, Assistant Executive Officer to the Air Force Chief of Staff, and Senior Air Force Strategy Advisor in the Office of the Under Secretary of Defense for Policy. Prior to his current assignment, Abba was the Director of the F-35 Integration Office, Headquarters United States Air Force, the Pentagon, Arlington, VA.

DR. ALLEN BADEAU

Chief Technology Officer
Empower AI

Dr. Allen Badeau is the Chief Technology Officer for Empower AI, as well as the Director of the Empower AI Center for Rapid Engagement and Agile Technology Exchange (CREATE) Lab. In this role, he leads innovation research and development activities designed to add value to Empower AI's customers and their missions, including cutting-edge technologies such as artificial intelligence, quantum computing, software

defined networks, robotics, advanced data analytics, agile DevSecOps, and many other areas.

With the CREATE Lab, Empower AI is building next-generation, value-based solutions for its customers utilizing a collaborative, knowledge-sharing environment. Under Allen's direction, the CREATE ecosystem brings together people, processes, and ideas, as well as software and hardware resources — exploring the strategy and implementation of new and

advanced technologies, and redefining how innovation is integrated into our customers' environment.

Prior to joining Empower AI, Allen held various leadership roles at ASRC Federal, CSC, Innovative Management & Technology Services, and Lockheed Martin. Allen received his bachelor's degree in physics, and both his master's and doctoral degrees in mechanical engineering from West Virginia University.

AMBASSADOR ROGER CARSTENS

Special Presidential Envoy for Hostage Affairs
U.S. Department of State

Roger Carstens is the Special Presidential Envoy for Hostage Affairs (SPEHA) at the U.S. Department of State. Mr. Carstens was the former Deputy Assistant Secretary in the Bureau of Democracy, Human Rights, and Labor at the U.S. Department of State, where he oversaw the Bureau's work in Near Eastern Affairs, Western Hemisphere Affairs, and the Office of Security and Human Rights.

Previously, he served in Amman, Jordan, as the Country Director for a U.S.-based INGO that provided humanitarian assistance and stability support to Syrian refugees and internally displaced persons. Prior positions include Senior Civilian Advisor on the Commander's Advisory and Assistance Team (CAAT) in Afghanistan; Project Director for an INGO based in Somalia; Senior Fellow at the Center for a New American Security; and Special Assistant for Legislative Affairs

in the Office of the Secretary of Defense. Carstens is a retired Army Lieutenant Colonel who served in Special Forces and the 1st Ranger Battalion. He is a graduate of the U.S. Military Academy and holds master's degrees from the U.S. Naval War College and St. John's College.

HEATHER GREEN

Principal Deputy Assistant Director, Consolidated Adjudications Services/Vetting Risk Operations
 Defense Counterintelligence and Security Agency

Heather Green is the Principal Deputy Assistant Director of Vetting Risk

Operations and Consolidated Adjudication Services for DCSA.

In this capacity, Green manages two diverse offices of over 1,000 personnel security specialists and adjudicators upholding protection of the Nation's workforce security. Programs under this scope include: oversight of National Industrial Security Program (NISP) personnel security program, implementation of the Continuous Vetting (CV) Program, Expedited Screening Center (ESC), and Adjudication Services. Adjudications customer base includes all military service members, military applicants, civilian employees, and consultants affiliated with the Department of Defense (DOD), to include the staff of the United States Senate and House of Representatives, the Congressional Budget Office, the United States Capitol Police, selected judicial staff, DOD personnel at the White House, and contractor personnel under the NISP.

Green was appointed as the Director of the Vetting Risk Operations (VRO), formerly known as the Personnel Security Management Office for Industry (PSMO-I), in February 2016. VRO provides a full spectrum of risk-based operations to identify and address personnel security risk. VRO continuously evaluates personnel to determine access to classified information, facilities and equities as well as share information to mitigate insider threat risk. In January 2023, Green assumed the role of leading the DCSA's Consolidated Adjudication Services (CAS), formerly known as the Department of Defense Consolidated Adjudications Facility (DoD CAF). CAS is the sole authority that determines security clearance eligibility of non-Intelligence agency DoD personnel occupying sensitive positions and/or requiring access to classified material, including Sensitive Compartmented Information.

Prior to her current role, Green led a dedicated team of Field Office Chiefs, Industrial Security Representatives, and Information Systems Security Professionals,

providing industrial security oversight to over 5,000 cleared NISP contractor facilities while serving as the Capital Region Director. From August 2011 to January 2013, she served as the Quality Assurance Manager for Industrial Security Field Operations (ISFO), conducting oversight of quality, consistency, and standardization within ISFO. She was the Industrial Security Maryland Field Office Chief (FOC) with Defense Security Service from January 2002 to August 2011, where she provided management oversight of all aspects of the Maryland Field Office. She began her career with the Defense Security Service (now DCSA) in 1997 as a Special Agent conducting background investigations prior to moving into the industrial security field.

Green received a Bachelor of Arts in criminal justice from the University of Maryland at College Park and obtained a Master of Arts in security management from The George Washington University.

WILLIAM LIETZAU

Director
 Defense Counterintelligence and Security Agency

The Department of Defense named William (Bill) Lietzau the Director of the

Defense Counterintelligence and Security Agency (DCSA), effective March 30, 2020.

Lietzau leads both the personnel vetting and critical technology protection missions under DCSA and manages approximately 12,000 federal and contract support personnel worldwide. Additionally, Lietzau directs the development of an end-to-end national-level Information Technology infrastructure designed to support the personnel vetting enterprise. DCSA is a strategic asset to the Nation and its allies – leveraging advanced technologies and innovation, an extensive security education and certification enterprise, and substantial counterintelligence capabilities to continuously ensure a trusted federal

workforce and enable industry's delivery of uncompromised capabilities to preserve America's strategic edge.

Prior to his current role, Lietzau served as the Director of the Personnel Vetting Transformation Office where he managed the transfer of the National Background Investigations Bureau (NBIB) to the nascent Defense Counterintelligence and Security Agency (DCSA), and initiated and led associated transformational efforts.

Before returning to government, Lietzau was Vice President at a large government services contractor, where he initially served as Deputy General Counsel, overseeing security, contracting, international trade and compliance. He later became general manager of an international business unit providing counter-terrorism and law enforcement training and mentoring in over 35 countries, as well as related O&M, minor construction, and security services.

Lietzau served over three years as Deputy Assistant Secretary of Defense for Rule of Law and Detainee Policy and on several U.S. delegations negotiating multilateral treaties. A retired Marine Corps Colonel, he served 27 years as an infantry officer and then judge advocate, commanding at the company, battalion, and installation levels. An expert in international law, he also served as a prosecutor, defense counsel, and judge and provided legal advice at a combatant command, the Joint Staff, the Office of the Secretary of Defense, and the National Security Council. He earned his Bachelor of Science from the United States Naval Academy and his Juris Doctorate from Yale Law School. He also holds an LL.M. from the U.S. Army Judge Advocate General's School, and a Master of Science in National Security Studies from the National War College.

LINDA REID

Vice President of Security Operations
Walt Disney World Resort

Linda Reid currently serves as the security leader for the largest Disney Park and

Resort complex in the company, the Walt Disney World® Resort in Orlando, FL. Prior to relocating to Orlando, Linda had security responsibility for Disney's international theme parks and served as the strategic security resource for the Disney Parks and Resorts overseas properties at Hong Kong Disneyland, Shanghai Disneyland, Tokyo Disney, Disneyland Paris, Disney Cruise Line, Adventures by Disney land tours, Disney Institute, and Disney Vacation Club properties including the Aulani Resort in Hawaii.

Reid's first job in the Walt Disney Company in 2008 was as the Director of the Global Intelligence and Threat Analysis unit, where she built a team of corporate intelligence analysts who serve as the "strategic tripwire" for risks and threats to the Walt Disney

Company's personnel and guests, facilities, and brand worldwide. This intelligence portfolio spans 72 brands and encompasses the Parks and Resorts business segment, as well as ABC News, ESPN, Disney Cruise Line, Disney Stores, Adventures by Disney land tours, and motion picture productions, including Disney Studios, Pixar, Marvel, and Lucasfilm.

Reid joined the Walt Disney Company after an 18-year career with the Central Intelligence Agency (CIA). During her CIA career, Linda served as both an analyst and operations officer and has extensive overseas experience in South Asia, North Africa, and the Middle East. She worked on issues ranging from terrorism to cyber intelligence to weapons of mass destruction, verification of international arms control treaties, and unmanned aircraft programs. She is the recipient of the Intelligence Community's Studeman Award for Excellence, Intelligence Medals for service in

Iraq and Bosnia, a National Meritorious Unit Citation for Weapons of Mass Destruction, and numerous other CIA awards for merit, excellence, and distinguished service.

Reid is a founding member of the Department of Homeland (DHS) Security's Classified Intelligence Forum, which assists DHS analysts in understanding threats to the private sector, and the Commercial Facilities and Outdoor Events subsector councils. She is the former Chairman of the State Department's Pan-Asia Regional Council, a member of the inaugural security committee for the International Association of Amusement Parks and Attractions, and a founding member of the Private Sector Intelligence Council.

Reid graduated Magna Cum Laude from the University of California, Los Angeles and has done graduate-level work at Cambridge University in England.

HEATHER SIMS

Senior Director, Industrial Security
General Dynamics

Heather Sims is the current Industry Spokesperson to the National Industrial

Security Program Policy Advisory Committee responsible for advising on matters and issues concerning National Industrial Security Program polices.

Sims provides security strategy, planning, and collaboration to one of the largest national defense contractors in the nation. She provides subject matter expertise for all security disciplines.

Previously, she was the Assistant Deputy Director for Industrial Security Field Operations at Defense Security Service, now known as Defense Counterintelligence and Security Agency, located in Quantico, VA. Sims was responsible for the day-to-day

field operations throughout the US. She also served in the Air Force in various positions both in uniform and as a civilian employee.

Sims holds a Bachelor's degree in workforce education and development from the University of Southern Illinois. She is also a graduate of the Excellence in Government Senior Fellows Program and the Federal Executive Institute. She holds professional certifications in Security Fundamentals, Security Asset Protection, Industry Security Oversight, and Physical Security.

W. MICHAEL SUSONG

Senior Vice President, Global Intelligence
Crisis24

As Senior Vice President of Global Intelligence at Crisis24, Susong

leads a team of data scientists, geopolitical, supply chain, and cyber intelligence analysts that directly serve over 1000

THANK YOU TO OUR SPONSORS

PREMIER SPONSOR

CANDA Solutions specializes in risk management solutions for the national security enterprise. We make risk management easier by creating tools to protect, monitor, and orchestrate critical assets, personnel, and infrastructure from the inside out. Our software solutions provide a way for the vetting enterprise to extend services to its customers without more paperwork, more regulations, and more delays - but in a way that demonstrably reduces cost, reduces work, and reduces overall risk.

The Fresh Haystack platform is a robust system for managing and monitoring the risks of employee access to sensitive and classified information and systems. We identify your supply chain and facility risks and tie those to programs and people by continuously assessing your risk posture. We use AI to find and mitigate insider threats while streamlining onboarding and security clearance processing of your human supply chain.

We are a customer-focused company that believes in building strong relationships with our clients. We are dedicated to providing the highest level of support and service, ensuring

our clients have the peace of mind they need to focus on their mission. We look forward to meeting you at the conference and discussing how we might meet your specific security needs.

ELITE SPONSOR

Sign In Compliance is the all-in-one security compliance solution for enterprise organizations. Compliance frameworks like SOC2, contract security requirements, and government regulations are expensive, labor-intensive, and change frequently. From tracking and reporting to automating your data-intensive tasks, Sign In Compliance replaces unwieldy spreadsheets, disparate databases, and mismatched point solutions with intuitive workflow tools and comprehensive recordkeeping. Sign In Compliance provides safer, easier solutions that save time and money so security and compliance professionals can work smarter – not harder. Sign In Compliance serves NetApp, Forcepoint, and many enterprises and mid-size companies. For more information, visit www.signincompliance.com.

ELITE SPONSOR

Xcelerate Solutions is a mission-driven consultancy committed to enhancing America's security through three service areas: Enterprise Security, Strategic Consulting, and Digital Transformation. Leveraging these capabilities, Xcelerate provides full lifecycle solutions from strategy creation to realization of that strategy and operations and continuous improvement of the resulting solution.

Xcelerate has supported the end-to-end Security, Suitability, and Credentialing (SSC) mission for over a decade. Through strategy, management, and operations, they play a key role in today's SSC modernization efforts.

An ISO 9001, ISO 20000-1, and ISO 27001 certified company, Xcelerate delivers high-quality services in accordance with their CMMI-SVC Level 3 appraised processes.
