DoD Integrated Program Management

IPM Division Update

Mr. Harold "Hal" Hickman

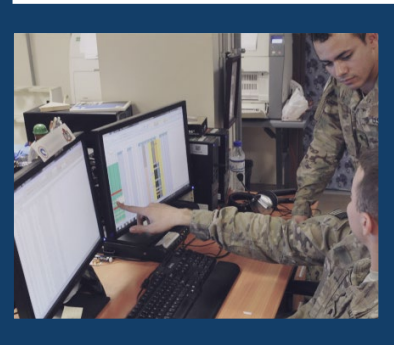

Acting Deputy Director
ADA Integrated Program Management

NDIA IPMD Meeting

March 2024

IPM Division Updates

- IPMDAR DID Update
- IMS DID
- EVM Glossary
- FY24 NDAA

Government Follow-Up Session – IPMDAR DID

- **Dates:** 6,7 and 8, March
- **Attendees:** OSD, Service and Agency Leads
- **Topics:**
 - Service/Agency focal points presented IPMDAR Lessons Learned
 - Determined if additional updates are required based on lessons learned
 - Reviewed current Draft DID – focus on Tailorable Elements
 - Presented DEI/FFS Update (changes to format and addition of clarification of nullable fields)

IMS DID Status

- **Under evaluation**
 - Assessing the work completed to date
 - Determining challenges remaining
 - Charting a path forward

Government Meeting

- **Dates:** 17-18 Jan 2024
- **Agenda:**
 - Team reviewed 167 terms and compared definitions across multiple sources (e.g. DAU, EVMSIG, EVMIG, DOE, NDIA)
 - Team adjudicated about 1/2 of the terms at the in-person meeting
 - Additional TEAMS meeting was called on 02 FEB 2024 to assign remaining terms
 - We met on TEAMS on 20-21 FEB 2024 and reviewed the remaining terms
- **Path Forward:**
 - Sub team is working on approximately 25 terms
 - Full team to review 25 terms around 17 APR 2024 to complete the glossary
 - IPM Glossary will be provided to key stakeholders for review/comment
 - Publish finalized guide to the ADA IPM Division website

Section 827. Modifications to Earned Value Management System Requirements

- **Exempt all software contracts and subcontracts of the DoD from EVMS requirements**
- **ADA meeting with Staffers**
 - Staffers expressed concern over the management of software contracts
 - ADA to provide a letter on implementing “Agile EVM” or “Agile IPM”
 - ADA to provide a written explanation on the EVM Applicability Determination process being a risk-based evaluation on the omission of the EVMS clause from any contract, including software

Section 827. Modifications to Earned Value Management System Requirements

- **Impose EVMS requirements for cost contracts or incentive contracts with a value greater or equal to \$20M and less than \$50M**
- **Require a defense contractor to use EVMS for contracts awarded with a value greater than or equal to \$50M and less than \$100M**
- **ADA meeting with Staffers**
 - The intent was to increase the lower end threshold from \$20M to \$50M
 - The language will be updated in the FY25 NDAA, no further action

EVM-CR Release (8 Feb, 2024)

- Color change – no more EVM Red
- Added ability to search submissions by file type (e.g., IPMDAR)
- Various updates to Data Views and Charts

Summary Performance Over Time

February 2024

IPMDAR REQUIREMENTS

- 80 Programs
- 107 Contracts
- 127 Efforts
- 26 Contractors

TOTAL IPMDARS RECEIVED

- 2042 Submissions
- 3638 IPMDAR Files Received (CPD & SPD)

September 2022

IPMDAR REQUIREMENTS

- 29 Programs
- 32 Contracts
- 33 Efforts
- 13 Contractors

TOTAL IPMDARS RECEIVED

- 286 Submissions
- 488 IPMDAR Files Received (CPD & SPD)

Metric	Counts as of Feb. 2024
Programs	153
Contracts	362
Efforts	539

NEW IPMDAR Validation Utility Available to Test

- Validates CPD and SPD files individually; checks cost/schedule integration
- Generates Format 1 views (team working to add Format 3)
- Sent to a small group of users from industry, gov't and tool vendor community the week of 12 Feb.
- Desktop Tool available upon request. Send request to Jennifer.A.Horner.ctr@mail.mil.

New IPMDAR Validation Tool

Any Questions?
