NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support. Harassment Statement

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

Event Code of Conduct

NDIA's Event Code of Conduct applies to all National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), Emerging Technologies Institute (ETI), and Women In Defense (WID) meeting-related events, whether in person at public or private facilities, online, or during virtual events. NDIA, NTSA, ETI, and WID are committed to providing a productive and welcoming environment for all participants. Visit [NDIA.org/CodeOfConduct](https://www.ndia.org/CodeOfConduct) to review the full policy.

Anti-trust Statement

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

Biographies

CAPT Kevin Carroll, USCGC

Commanding Officer, Command, Control, Communication, Computer, Cyber and Intelligence Service Center (C5ISC)

Captain Kevin Carroll leads a diverse workforce of over 2000 government

civilians, service members, and contractors in the delivery of full spectrum C5I capabilities the Coast Guard requires to execute its 11 statutory missions. Before assuming Command, Captain Carroll served as the Chief of the Infrastructure Support Division at the C5ISC located in Alexandria, VA, where he oversaw the enterprise Information Technology (IT) infrastructure that is the foundation for Coast Guard administrative and operational IT systems worldwide.

Captain Carroll's career is a mix of shore-based C5I and sea-going tours. He served four tours on Coast Guard cutters including Commanding Officer of the Portsmouth, VA-based medium endurance cutter, USCGC LEGARE. His other afloat tours include the USCGC SENECA

based in Boston, MA, USCGC SITKINAK based in Key West, FL, and USCGC COURAGEOUS based in Panama City, FL. His non-afloat tours include Commanding Officer of the Telecommunication and Information Systems Command including the Coast Guard's Ceremonial Honor Guard. Additionally, he served as the Offshore Patrol Cutter (OPC) Sponsor Representative, Chief of Engineering Development at the Loran Support Unit in Wildwood, NJ, and the Core Technology Manager for Command & Control and Intelligence/ Surveillance/Reconnaissance (C2/ISR) Systems at the Command, Control, and Communication Engineering Center (C3CEN).

He has served in both DOD and DHS Joint environments. From 2017 to 2019, he was dual-hatted as Chief, Coast Guard Element and Chief, Program Management Division within the Capability Directorate (J9) of US Cyber Command located in Fort Meade,

Maryland. He oversaw multiple programs delivering new offensive and defensive capabilities to the cyber warfighter. From 2016 to 2017, he was the first Deputy Chief of Staff for the DHS Chief Information Officer in Washington, DC.

Captain Carroll is a 1995 graduate of the U. S. Coast Guard Academy, where he earned a Bachelor of Science Degree in Electrical Engineering. Additionally, he earned a Master of Science Degree in Electrical Engineering from the University of Rhode Island in 2001 specializing in Digital Signal Processing and Communication Theory.

Captain Carroll's awards include the 2015 AFCEA Information Technology Leadership Award and the 2004 US Naval Institute's Copernicus Award, Defense Superior Service Medal, Meritorious Service Medal (x3), CG Commendation Medal (x2), CG Achievement Medal, and numerous team and unit awards.

DLA SUPPLY CHAIN ALLIANCE CONFERENCE & EXHIBITION

Register Today!

This year's conference promises to be one of the best, with government and industry leaders focusing on future logistics support strategies, challenges, and streamlining efforts to better support the warfighter. Join us as we host dynamic speakers from industry and defense with backgrounds in logistics and acquisition, aviation, and land and maritime. No matter if you are a small business looking to begin a working relationship with DLA or an established large business that wants to strengthen the relationship you have already developed, we look forward to your participation at this event!
